

Good Vision

August 2023

Making a monthly commitment of \$24 to GoodVision USA will ensure that our teams can expand our reach in 2024 to rural schools, providing eyeglasses to those who need them; a tool necessary for success in work and life. Follow the link to make your commitment today, and “hit the road” with us! Its that time of year again...Back-to-school season in the U.S. brings a reminder of the importance of eyeglasses for many schoolchildren. In Liberia, where the literacy rate is just 48% (World Bank, 2017), approximately 30% of GoodVision's beneficiaries are

schoolchildren. Our vision screenings in local schools, both urban and rural, provide free eyeglasses to students, enabling them to read and write with clarity.

In case you missed it...

We recently announced the official launch of GoodVision Liberia as an independent non-profit entity! This will allow GoodVision Liberia to grow and bring the transformational power of GoodVision glasses to more children and adults in villages, small towns, and cities across the country. Check out the progress being made to prepare our new space for patients!
