

# Good Vision

July 2023

## What we've been up to lately...

The GoodVision USA/Liberia team got to meet in person with colleagues from around the world at the global GoodVision's Country Development Workshop in Germany earlier this month. Ophthalmic nurse, Matee Morris, reflects on her takeaways:

*"...will help GoodVision international to grow in the aspect of human development...our team in Liberia has all GVTs as young people with a lot to offer this organization in the near future in Liberia and world wide."*

### **Say "Hi" to Arthur!**

Arthur Crawford joins GoodVision Liberia from Phebe Hospital & School of Nursing in Bong County, Liberia, where he supported the Medical Director/CEO. Before that he was the Project Manager for the Lutheran Development Service Liberia program. He has a wealth of experience in operations and project- and people-management. Arthur is looking forward to the opportunity to contribute to the healthcare delivery system of his country.

### **In case you missed it...**

July 26th was Liberia National Independence Day! Liberia became the first African nation to declare independence after adopting its constitution in 1847, making it the continent's oldest republic. Our GoodVision Liberia team celebrated by enjoying the day off and sharing food, such as jollof rice, fried chicken, and cakes, with family and friends. Head on over to our [social media](#) pages to learn more.

**The GoodVision 2022 Annual Report is now available and can be found [here!](#)  
Share with family and friends to help build awareness for our work.**
