

Good Vision

June 2024

What we've been up to lately...

GoodVision Liberia has been busy behind the scenes. Extensive time and work goes into operating smoothly in Liberia to ensure maximum impact. This includes:

- Establishing and deepening partnerships with the Ministry of Health and a military hospital.
- Continuing to grow the team with a new Eye Camp Organizer, Charlton Fallah.
- Ensuring the office space is designed and set-up to be as effective and efficient as possible.
- Completing the purchase of a new minibus and preparing it to hit the road!
- Continuing to build awareness for GoodVision by speaking with popular media, constructing billboards, and expanding eye camp activities.

After a busy May and June, we are excited for the second half of the year!

GoodVision Liberia is hitting the road thanks to you!

Last year, donations from our incredible supporters enabled us to purchase a brand new minibus for our GoodVision Liberia team. This minibus will transport GoodVision Technicians and their supplies to hard-to-reach dense urban and distant rural areas of Liberia. This important investment will help us reach our goal of ensuring every Liberian has access to high quality eyecare.

The minibus was purchased in honor of supporter and volunteer Charles Beede. His friends and family, in his memory, collectively supported the purchase of this vital transportation means for our work in Liberia.

Charles believed in GoodVision's mission. He applied his considerable experience in the products, sales, and marketing industry to his volunteer work with GoodVision. Whether coaching new GV volunteers undertaking their first marketing forays or

reaching out to encourage his extensive business and personal network to engage with our work, Charles helped our organization grow in many ways.

If you are interested in leaving behind a meaningful and impactful legacy of your own, please be in touch with our Executive Director, jennifer.hyde@goodvision.org.

In case you missed it...

GoodVision USA's 2023 Annual Report is now available! Read about the incredible work that we have been up to this past year, all thanks to your continued support.
